NARBERTH, PA., SATURDAY, MARCH 4, 1922

PRICE THREE CENTS

Members Urged to Attend Tennis Meeting

ANNUAL MEETING ON FRIDAY
NIGHT—DANCE TO BE HELD
NEXT SATURDAY

The annual meeting of the Narberth Tennis Association will be held next Friday evening, March 10, in the community room, of the Y. M. C. A.

This will be probably the most important annual meeting that the Association has held in a number of years, and it is hoped that every member will attend. A number of highly important questions will be up for discussion and settlement.

The meeting is scheduled to begin at 8 o'clock, and members are urged to be prompt as there is a big program of business to be transacted.

In addition to the election of officers for the 1922 season, a number of amendments to the constitution and by-laws will be presented for consideration and vote. Plans will also be discussed for the coming playing season.

On the following evening, Saturday, March 11, the Tennis Association will give another of its popular dances in Elm Hall. Tickets will reach members in a few days, and those desiring extra tickets can obtain them from C. B. Metzger, chairman of the Entertainment Committee.

And don't forget the big Tennis Show. Rehearsals are getting under way, and some fine surprises are being planned for this annual entertainment. The affair will be given late this month or early in April. The exact date will be announced in a week or so.

Birds Are Flying Back From South

BLACKBIRDS AND OTHER MIGRANTS IN NARBERTH YARDS
ANNOUNCE SPRING'S RETURN

No matter how many cold days we may have before we sow our first early radishes and oil up the lawnmower, we can tell that spring is working northward at a rapid pace.

Within the past week, the vanguard of the countless millions of migratory birds soon to pass in great waves through Narberth have made their appearance. The always welcome wheeze of the blackbird, the sight of an occasional robin, and the distant elusive call of the first bluebird are never failing signs that winter is packing his valise.

Besides these familiar and common birds, the woods and thickets in and about Narberth are beginning to echo the calls of birds who winter a short distance south of here. Meadow-larks have been heard, while the white-throated sparrow is here, and will soon open his spring concert of "Peabody, Peabody."

An Elusive Visitor

During the past week a number of local bird lovers had the opportunity of observing a flock of over a score of Fox Sparrows, a large, red-brown bird which nests far north of here, and is seen in this latitude for only a few days in spring and fall during migration. The flock observed were in full song—clear, simple, but beautiful in tone.

The Editor last week went on the annual field trip of the Delaware Valley Ornithological Club, as a representative of the Naturalists' Field Club of the University of Pennsylvania. On this trip, which ended at Cape May Point, N. J., forty-eight species of birds were observed, including three great blue herons, a red-throated loon, and other unusual birds.

Narberth is well situated for bird observation, and many local enthusiasts plan to keep close watch of the returning migrants.

Women Voters Hold Luncheon Wednesday

EXCELLENT SPEAKERS WILL
TALK ON POLITICAL MATTERS
OF CURRENT INTEREST

The luncheon and program of the League of Women Voters which is scheduled for next Wednesday will be of vital interest to the members and friends eager to obtain not only food for the body, but mental sustenance as well, along practical political lines. The luncheon will take place Wednesday, March 8th, at 1.15.

With the approach of the May primary, it seems not only wise but timely to have a discussion on this topic, stressing its importance, particularly so since there is so evident a desire on the part of the politicians to abolish the present primary and revert to the former boss controlled system. Mr. W. H. Berry, Director of Ports, and at one time State Treasurer, will be the speaker on this subject, and from his long experience in State matters, should be eminently qualified to present it in all its phases.

The Marshall bill, dealing with methods of collecting taxes, etc., with its revisions, will be presented at the next Legislature, and since taxes play a rather important part in one's budget, it is well to know something about them also.

Mr. Benjamin H. Ludlow, of Ardmore, who is a member of the State Tax and Law Revision Committee of Pennsylvania, will explain the bill at this time. Mr. Ludlow is well known as an interesting and able speaker.

Mr. Thomas J. Walker, political reporter of the "Public Ledger," will present the present political situation in the State, and the dramatic aspects of politics.

Mrs. Lawrence Lewis Smith, vice chairman of the State League, will speak on "The League as an Organizing and Unifying Force."

Mrs. E. C. Batchelor, president of the Women's Community Club, will bring a message to this group, as will also Mrs. H. L. Schwartz, who is chairman of the League for Montgomery County.

As the last days for party enrollment for the May Primary will be March 14 and 15, the officers of the League have arranged to co-operate with the assessor, and will sit in the Fire Hall on these dates, enabling any one to properly complete his or her enrollment.

Too much pressure cannot be brought to bear upon the woman voter to exercise her voting privilege and to do so intelligently. Do not forget the above dates.

Anyone having reserved a luncheon ticket and who has neglected to send the amount to Mrs. E. H. Cockrill, Forrest Avenue, are kindly requested to do so before Monday noon.

Community Club Notes

EXPERIENCED EDUCATOR TO ADDRESS COMMUNITY CLUB

Professor Charles Walsh, a man well known in educational circles in Philadelphia will address the club on Tuesday. His talk, taken from his wide experience, will be along the lines of readjusting some present day conditions, as found in New York, Philadelphia and Narberth.

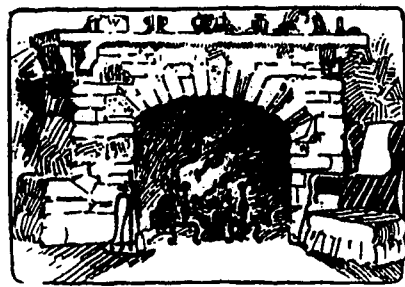

Professor Walsh is formerly from an Ethical Culture School in New York City, and he is now establishing a similar school in Long Island.

There will be music and the usual social hour.

Home and School In Monthly Meeting

DR. PHILIP A. BOYER ADDRESSES
MEMBERS ON CO-OPERATION
IN SCHOOL IMPROVEMENTS

At the regular meeting of the Home and School Association which was held on February 23rd, Dr. Philip A. Boyer, Principal of the John Marshall School of Philadelphia, spoke on the value of co-operation between the citizens of the Borough and the School authorities in meeting the present problem of providing increased school facilities. He emphasized the fact that a Home and School Association is vital to the effective working of any school system, and paid a high tribute to Narberth because of the fact that such an association was in existence, and actively pursuing a course of action which was designed to establish a school system second to none among the boroughs of the State.

Dr. Boyer, naturally not being familiar with the local conditions in Narberth, spoke in very general terms on the fundamentals underlying the enlargement of any school plant. He touched on the location, the more economical and efficient operation of a central plant, how the additional facilities are to be financed, and the effect the new improvement will have on the taxes of the property owners.

Dr. Boyer raised the question as to the type of facilities required, and strongly urged consulting with those who have been employed to do the teaching. "Cooperation with the teachers," he said, "should be on the basis of their professional technical knowledge of their particular jobs. Recognize their opinions, and exercise the greatest of care in placing your own in opposition to theirs."

From Dr. Boyer's personal knowledge of school requirements, he said that "the most effective type of an organization of a school comes where you can center together large numbers of pupils. The facilities can be used to better advantage, and many economies can be effected in that way which are impossible if portions of a school are in widely separated sections of a community."

Following his talk, Dr. Boyer answered a number of questions on the subject, which showed that the citizens of the Borough are keenly alive to the importance of a correct decision of the matter in this critical period in Narberth's educational development.

The meeting adjourned at ten o'clock, with the announcement that the March meeting of the Association would be held in the High School auditorium on the 23rd of the month.

(Continued on Page 4)

The Elm Glee Club

The newest, liveliest, of Narberth's many musical organizations was born just after New Year's Day. Its membership is strictly limited to young men, and to young men who go to Sunday School. Furthermore, these young men must belong to the same Sunday School Class, Mr. W. J. Bailey's class of the Narberth Methodist Sunday School. The club holds rehearsals every Tuesday evening at "The Little Church on the Hill," Essex and Price Avenues. At the very beginning they were successful in securing the services of Prof. E. B. Stanley, as Director, and the young men have made tremendous strides. In such a brief time they have mastered a considerable repertoire of both sacred and secular music. They will make their first public appearance Sunday evening, (to-morrow) when they will occupy the choir, and not only render a number of their sacred selections, but also lead in the congregational singing. You will expect to hear "the boys" later in secular concert, at so much per seat, and undoubtedly you will be glad to pay the price. But here is a chance given you to hear the same boys at a Sunday evening church service. Of course, come early. Service begins at 7.45 P. M., but the church will open at 7 P. M.

Editorial

INTEREST

One of our characteristic modern types is the arm-chair reformer; the person who sits back in his warm house, and criticises those who are out doing things. Another type includes those who accomplish things themselves.

It was a great disappointment to the officers of the Home and School Association last Thursday evening to have an attendance of only fifteen. True, a last minute change of plans for the program prevented an announcement in "Our Town," but the date was set, and the program brought to the attention of Narberth by other means.

The existence of the Home and School Association, or of any other body, depends on the active interest of its members, and on the co-operation of interested officials.

And yet at a meeting intended to discuss an issue now vital to Narberth parents, we are told that none of the school authorities attended, and but a handful of parents. A projected extension of facilities, which will be the largest thus far made in Narberth is now under contemplation, and the intelligent aid and of every citizen should be concentrated on this work.

Let us not sit back and complain that "nothing is being done." Rather, it is the duty and should be the pleasure of everyone to attend and participate in these meetings.

Communications

To the Editor of Our Town:

In the issue of Feb. 11, your Column Writer—or whatever it is you call 'em—gave us some straight dope about where to get real buttermilk. It is great stuff. Say, friend, do you suppose we can get him to say a few well chosen words about butter scotch? Lactis.

We didn't intend to give one of the local buttermilk merchants free advertising, but with the whole town rejoicing in the fact that since our oversight our friend in question has added a handsome new delivery truck to his fleet of one-horse chaises. Good advertising is more profitable than watered stock. (Ed.)

TAX RETURNS SOON DUE

Every citizen of the United States is subject to the provisions of the income tax law. He may live in this country or he may live abroad, possessing no property within the United States and deriving no income from sources within the United States. Nevertheless, he must file a return if single and his net income for 1921 was \$1,000 or more or his gross income \$5,000 or more, or if married and his net income was \$2,000 or more or his gross income was \$5,000 or more. Divorced or persons separated from husband or wife by mutual agreement are classed as single persons.

The same obligation to file a return and pay the tax rests on a resident alien, although his entire income may be derived from sources without the United States.

While forms were sent to persons who last year filed returns, failure to receive a form does not relieve an individual of his or her obligation to file a return and pay the tax on time—on or before March 15, if filed on a calendar year basis. Forms 1040A for returns of income of \$5,000 or less and 1040 for returns of income in excess of \$5,000 may be obtained at the office of the Collector of Internal Revenue, Post Office Building, Philadelphia, Pa., and the following branch offices: 17 S. 52nd street, and 1016 W. Lehigh Avenue, Philadelphia, Pa.; Allentown, Altoona, Chester, Harrisburg, Lancaster, Lebanon, Pottsville, Norristown and Reading.

MORE FOOD VALUE FOR LESS MONEY

This is a question which should interest every homemaker. Some foods are inexpensive and at the same time highly nutritive. Other foods may cost a good deal more and contain only a small per cent. of the elements necessary to the growth and health of your family.

It is not expected that the homemaker who has not had an opportunity for technical training can know the relative nutritive values of the food stuffs. But the Pennsylvania State College is prepared to teach any homemaker here on the Main Line how to combine simple inexpensive foods in menus that will have all the requirements necessary.

Classes in food selection for Mothers will be organized under the direction of the American Red Cross, Main Line Branch No. 1, Division of Public Health and Child Welfare. Instruction is to be given by the Pennsylvania State College Extension Service. Classes will be held in the Well Baby Clinic on Monday afternoons. Mothers desiring to attend will have their children looked after at the same time. No charge will be made for the classes. They will start on Monday, April 3rd, 1922.

Stop at the Well Baby Clinic and enroll now!

THE TOWER OF BABBLE

By Collum Righter

The Column was purposely omitted from Our Town last week. That it was missed, is obvious. Information received from several sources indicates that some of our Dear Stalwart Upholders of Ultra Conservative Traditions, expressed their satisfaction that an all-wise Editor had seen fit to "muzzle" the Column and "muzzle" its "trash." To such, we say with glo, "Pooh," and likewise, "Bah," and also "Piffle." The mere fact that we have gotten a rise out of those dear ones is sufficient in itself to inaugurate the Column afresh with greater ambition than ever.

To all concerned, we make bold to say that Hon. Editor knows which side his hot cakes are buttered on. He owes us money and matches. Consequently we shall continue to promote the simon-pure, unmuzzled press.

The communication in the February 11th issue, about the Narberth Employment Exchange, and the strong editorial that followed it, roused us to the fullest pitch of Civic Enthusiasm and Pride. Here, though we, is THE opportunity for Narberth to make its name famous. But no. But no. Such was not the case. It was not to be. The optimistic writer of the letter made a grave mistake in designating the Right Honorable Borough Council as the proper agency to take hold of the matter and carry it through to a glorious conclusion. We should have suggested the Women's Community Club; this organization could and would have done the job and done it well. The Right Honorable B. C. is far too much engrossed in Circumlocution to take a human interest in the individual welfare of unfortunate townsmen. Oh, yes—far too much.

Why the very idea! Its entirely beyond comprehension. Such unheard-of impudence! Mercy on us! We positively cannot rub elbows with the unemployed, it isn't done! Suppose one of them were unshaven! Goodness gracious! Think of it! Let 'em starve—we should worry. And so goes the practice of the Golden Rule.—In Narberth.

The limit to which some women go, is really quite beyond our comprehension at times. We had always thought the equal-but-gentler sex of Narberth to be peeresses of circumspection—but here they go, probably one-half the membership of the Community Club (according to Our Town of February 25th) accepting an invitation to an excavation. Think of it! As though an excavation were anything to which one would care to be invited. An excavation is nothing more or less than a plain, every-day, ordinary hole. And it is easy enough to get into a hole unwittingly or unconsciously—far too easy in fact. But to make a ceremony out of it and issue an invitation as well, stirs us to viridic vituperation. The worst of it is that every time the women-folks do get into a hole, it is up to mere man to pull 'em out. Which he usually and philosophically does.

We take it upon ourselves to answer a letter to the Editor, which appeared in a recent issue, from "A Daughter of a Veteran."—Dear Daughter: There is every reason to believe that Old Glory will NOT wave from the School House Belfry on Memorial Day, unless something very unusual takes place. Your request was neither properly filed, nor was it in time for approval and action. In order to have the Flag displayed on any specified Memorial Day, Rule 736, Section LXXV, Article 7, states that formal request must be made in writing prior to June 1st of the year previous, to the Home and School Association. Which august body of hardly-ever-come-outs will refer said requests to the Right Honorable Borough Council with recommendations, objections and reservations—the majority of which will be either rejected or sustained, shelved or laid on the table, argued on postponed, referred or delayed, until eventually everybody has forgotten all about it.

Looking through an old Bell Directory is as interesting as rummaging through grandmother's trunk in the attic.

It is a good way to check up on the progress of the community. It is surprising to find how often the first users of the telephone were the men of vision who later developed into leaders in their respective fields.

The first telephone directory was merely a sheet of paper with the names of about a dozen subscribers. In most cases no numbers were printed in the directory and calls were made by name. You simply said to the operator "Get me Mrs. Jones."

Every new telephone directory is a new footprint in the path of progress. The extension of the service and your increasing dependence on this means of communication is a tribute to the performance of the Bell Telephone System in the past.

New problems of operation and management develop as fast as the old ones are solved, but we have faith in our ability to meet the demands of each new era as we have met those of the past.

And we have the benefit of the experience of others who are working on similar problems in other parts of the Bell System.
